April 5, 2018

Dear Ashley Community Schools Parents,

There was a threatening sentence written on the top of an elementary student's paper. Traci Gavenda, Principal and the teacher investigated this threat. The information was shared with the Gratiot County Sheriff's Department. It has been determined there was not a threat and your student is safe.

Schools in Michigan and schools across the county have been dealing with an increased number of reported threats, most of them unsubstantiated and blown up on social media. However, Ashley Community Schools will continue to investigate any concerns brought to our attention. We have no choice. Parents are encouraged to continue to report any concerns they hear about to the school district, the police or use OK2SAY number 855-565-2729.

Please encourage your children to report what they hear and see immediately instead of discussing it on social media. This way we can investigate each situation more efficiently.

Thank you,

Jeff Rohrer
Superintendent

Mission Statement: Ashley Community Schools will provide a quality education with a variety of learning options, developing students with strong character and excellent work ethic, who are prepared for college and life after high school to become contributing members of society.
